

## **Trusteeship with Shropshire-based hearing loss charity, Signal**

Signal is a small UK charity dedicated to supporting deaf people and people with hearing impairments both at home and overseas. Signal was created in October 2013 by the joining together of the Woodford Foundation and the Shropshire Deafness Association, which had collectively been in existence for over 160 years.

This is an excellent opportunity to become involved with a vibrant and innovative organisation which is growing in size and scope.

We are looking to recruit several new members to our Board of Trustees. Specifically, we are looking for one trustee with skills and experience involving service provision for deaf people and/or people with hearing loss in the UK, one trustee with experience of international development, and other trustees with diverse skills and experience which would support the breadth of our organisation.

As a trustee you will actively support Signal's cause and values. You will help to ensure the sound governance and effective strategic leadership of the organisation. Board members are required to attend four Board meetings per year and to offer advice, guidance and opinions to the Chief Executive Officer, the Senior Management Team and the Chair of the Board of Trustees.

Signal is an inclusive organisation and we actively welcome applications from deaf people and people with hearing impairments. We are committed to diversifying the membership of the Board and are keen to receive applications from a broad spectrum of society.

The trusteeships are not remunerated but reasonable expenses will be reimbursed.

To find out more, please telephone 01743 364 644 or send an SMS to 07950 782 819. To express an interest in joining Signal as a trustee, please email your CV and a covering letter, outlining the skills and experience you would bring to the position, to [comms@signal.org.uk](mailto:comms@signal.org.uk).
